## EASY DATA ACCESS AS A SERVICE

Aquire
Universal image acquisition and monitoring

Collaborate
One-click data analysis and sharing

Save Time
Access your data in seconds securely from anywhere

Save Money
Pay for storage only. Store and stream starting at 2¢/GB

**Integrate**
Compatible with all major service providers

Experimental and Simulation Data

Materials Science, Geology, Security, Scientific Computing

Microscopy & Health Data
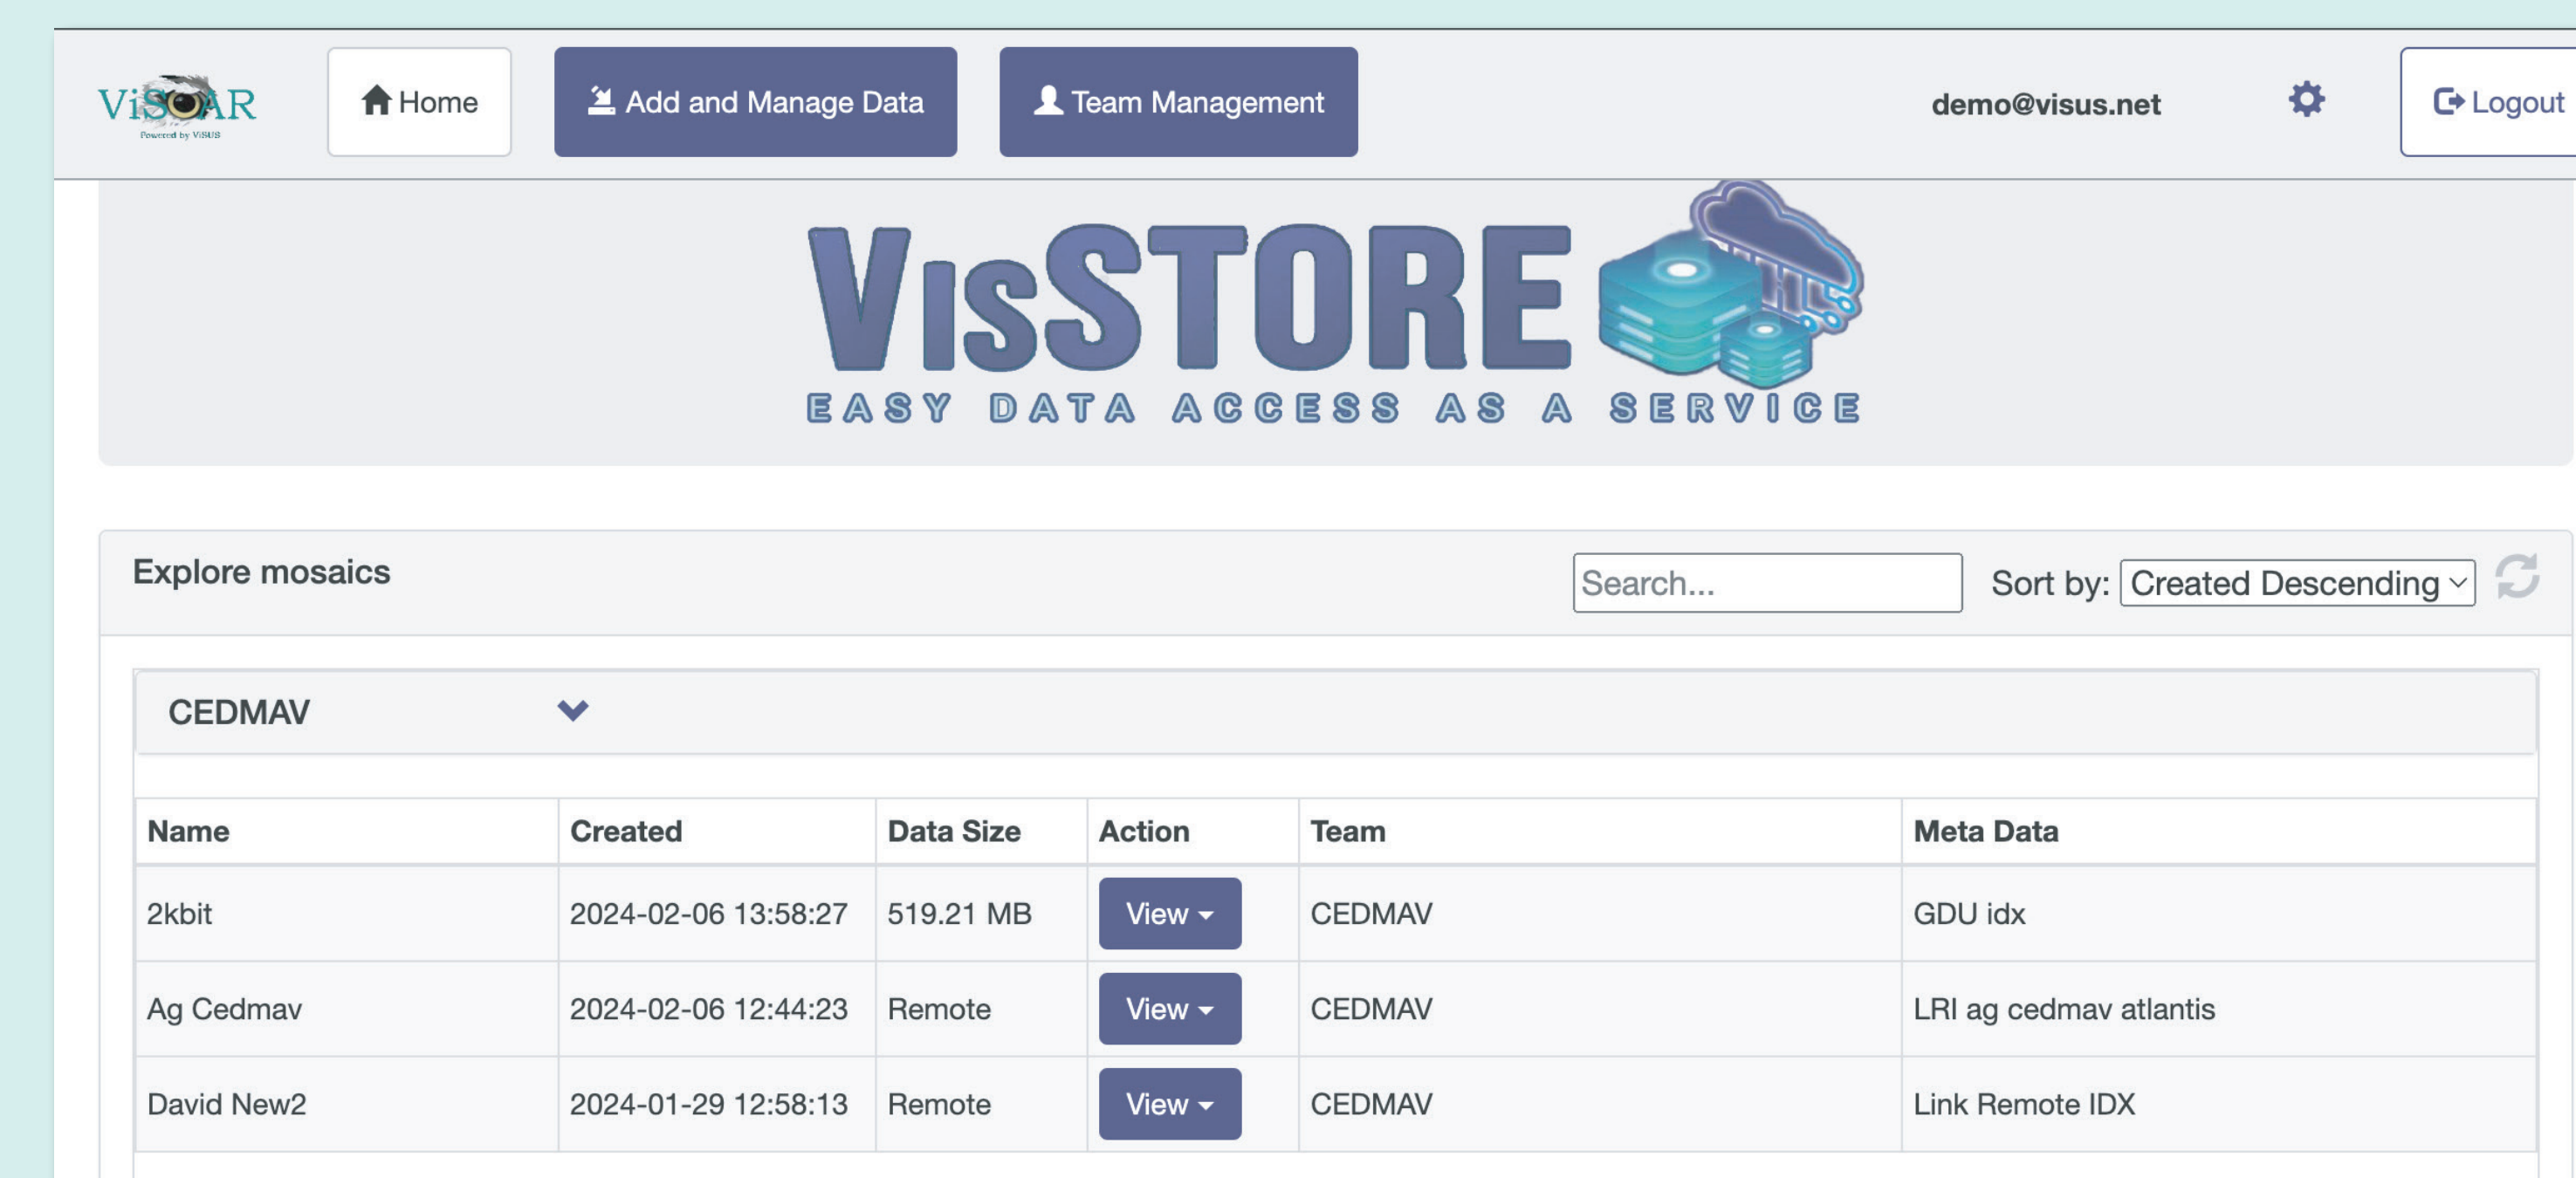

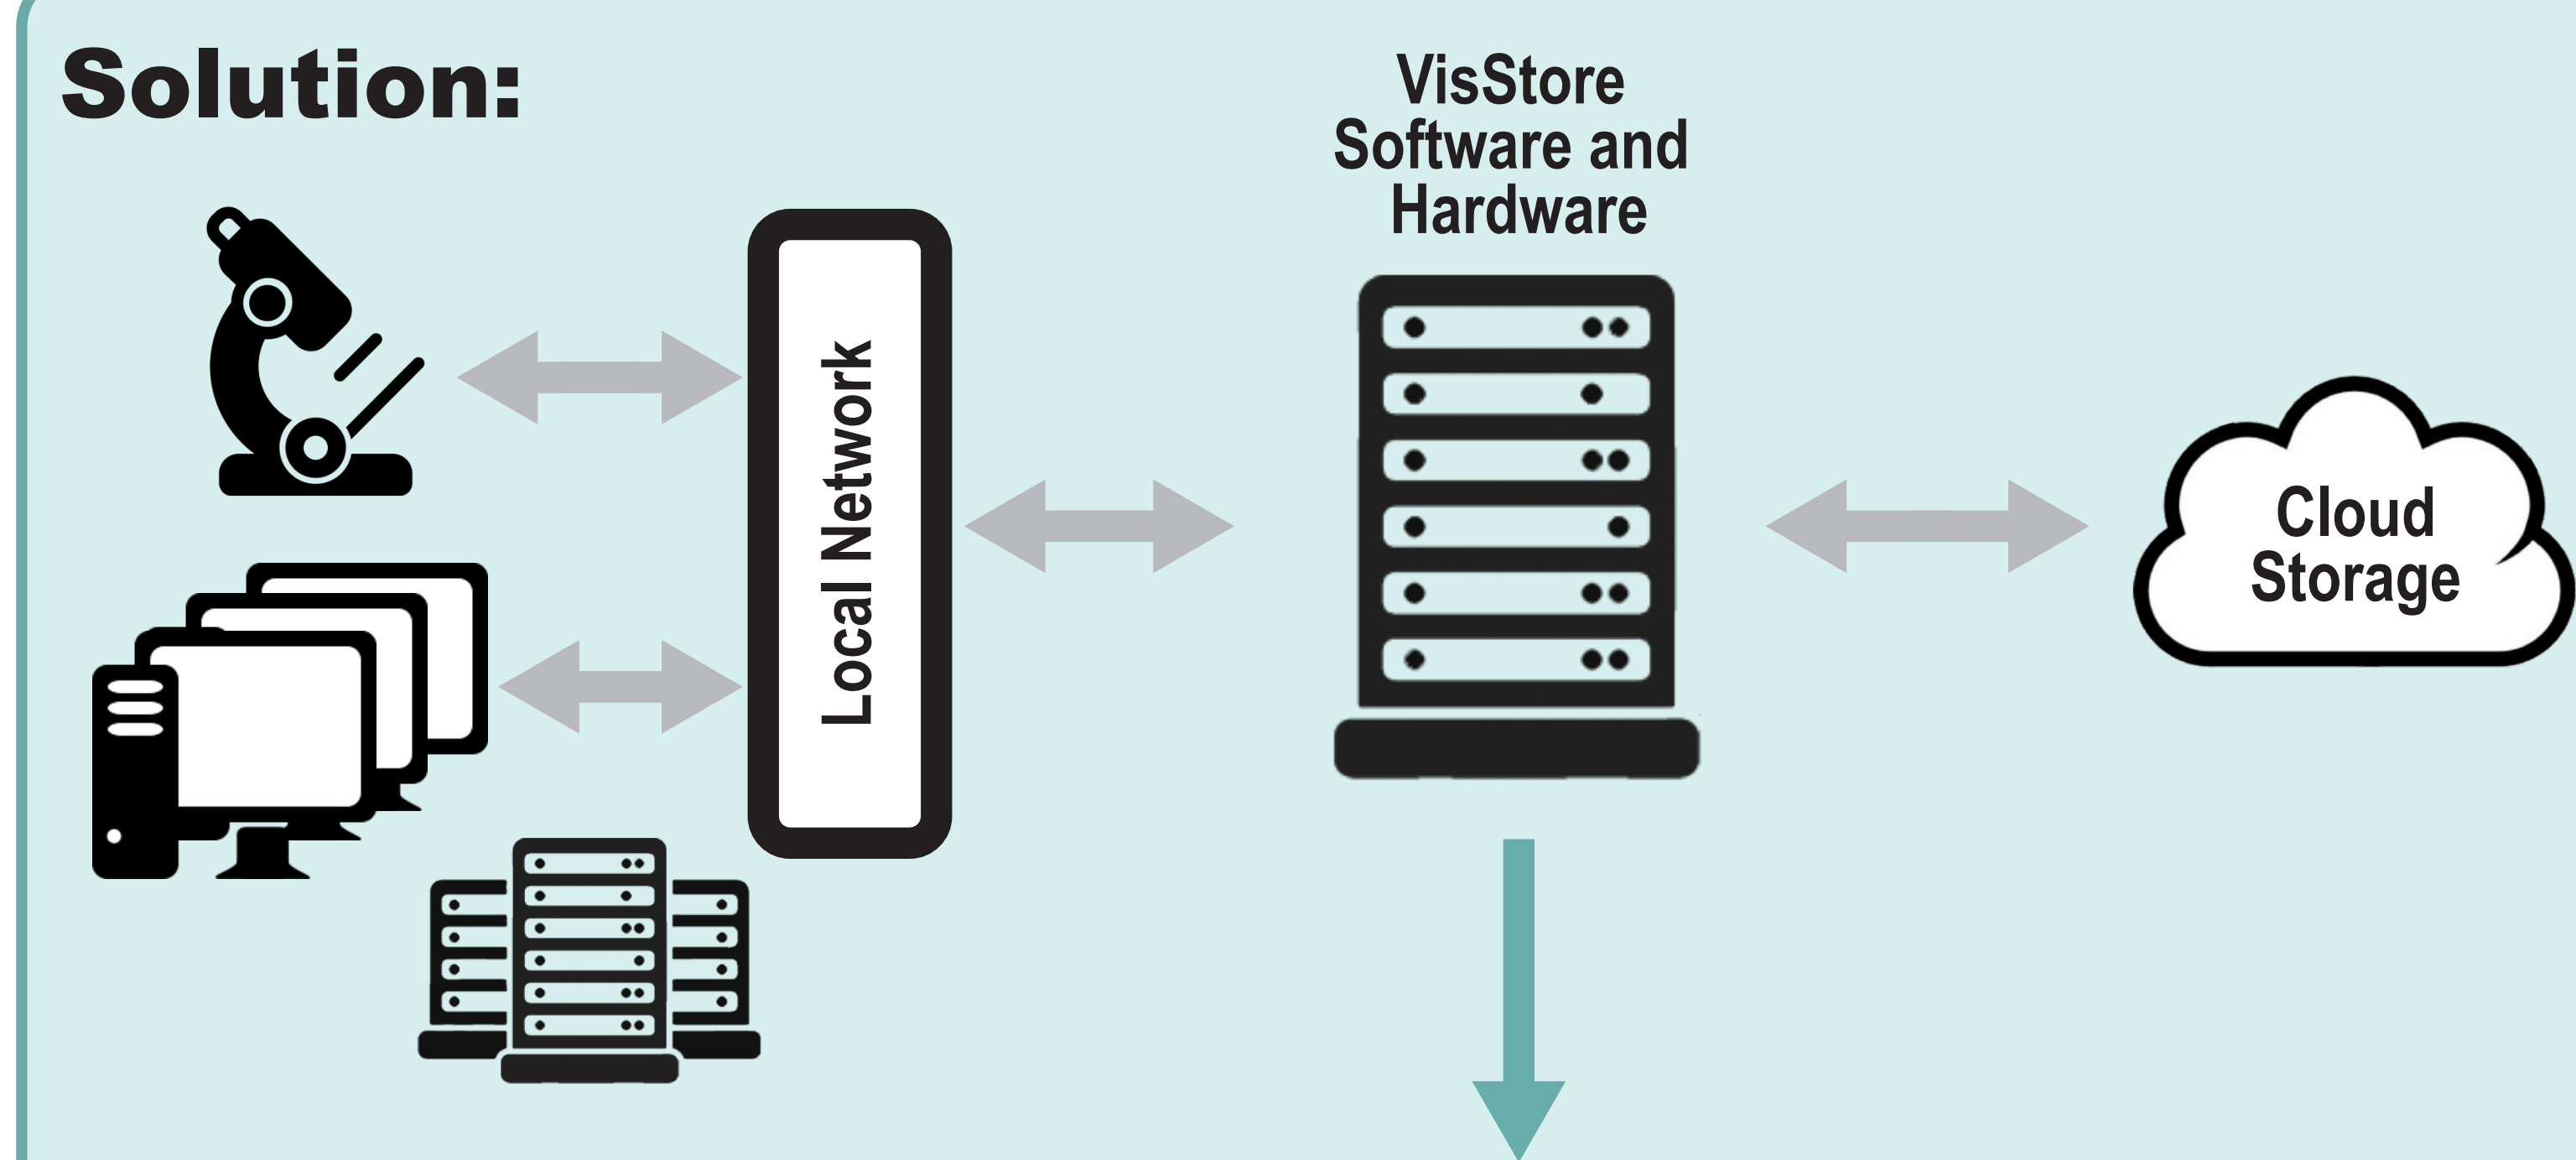

X-Rays, EM, CT, High Resolution images

Aerial Surveys

Precision Agriculture, Ecology, Surveillance

Problem:

Machine dedicated to scanner
Portable Drive
Analytics
Archive

Solution:

Local Network
VisStore Software and Hardware
Cloud Storage
